## What is Pride In the Living Room?

An annual online international event taking place this year for the 5th time, with ONE GOAL!

To bridge between Judaism and Jewish LGBTQ identities/communities globally.

Come host or hear personal stories of Jewish LGBTQ individuals in private living rooms! Participants, communities, and organisations will come together to create safe spaces for dialogue about Judaism and the Jewish LGBTQ community. Events will take place October 2021.

In 2020 over 80 "Pride in the Living Room" events took place worldwide! Join and start shaping the future of the Jewish world - Personal stories and open dialogue are the roots for change.

According to our surveys - over half of the participants in the program globally last year were NOT from the LGBTQ community.

Anyone can host an event!
